Such adjustments are necessary due to occasional changes in characteristics for past building permits that result in a different number of permitted housing units. Updating the past information allows the growth over time to be represented more accurately.*

*Estimates are based upon a multiplier using 2000 & 2010 Census data for average household size and occupancy rate and are not a hard count of the population. In the 2000 US Census, Olathe's April 1, 2000 population count is listed as 92,962. In the 2010 US Census, Olathe's July 1, 2010 population count is listed as 125,872.*

*Vacancy Rate - 2000: 3.1, 2010: 5.0
