2020 ANNUAL REPORT

The reports provided in this document summarize the growth and development within the City of Olathe for year 2020. The first report item summarizes monthly population estimates for the City, and total growth for the year. These population estimates are calculated based upon the number of residential building permits received, and the average household size as estimated using 2000 and 2010 Census data.

The included building permit reports provide a summary of the total number of building permits issued by type of permit and work class, along with the total project valuation. The reports do not account for withdrawn or voided permit applications.

Also included in this document is the City of Olathe's C-404 report – a "Report of Building or Zoning Permits Issued for New Privately-Owned Housing Units" – and the valuation of the project.

This document is updated semi-annually to reflect current growth and development taking place with the City of Olathe.

MONTHLY POPULATION ESTIMATES

City of Olathe, Planning Division

Ending December 31, 2020

November	145,318
December	145,459
2020 TOTAL	145,459

** In an effort to improve accuracy, these reports may include adjustments to past months' population estimates, as well. Such adjustments are necessary due to occasional changes in characteristics for past building permits that result in a different number of permitted housing units. Updating the past information allows the growth over time to be represented more accurately.*

Estimates are based upon a multiplier using 2000 & 2010 Census data for average household size and occupancy rate and are not a hard count of the population. In the 2000 US Census, Olathe's April 1, 2000 population count is listed as 92,962. In the 2010 US Census, Olathe's July 1, 2010 population count is listed as 125,872.

Vacancy Rate - 2000: 3.1, 2010: 5.0

Household Size - 2000: 2.83, 2010: 2.80
