

Address Numbers

Emergency responders frequently find it difficult to locate address numbers on a building.

Save critical time during life and death situations with these tips:

Contrast Colors

If you have a light background, post dark address numbers.

Visibility

Post large address numbers for better visibility

Sheen

Brass numbers can reflect light making them hard to see.

Curb Indicator

Address numbers on the curb are helpful.
Also post address numbers on the building structure.

Lighting

Place address numbers under a light source.

Visibility

Trim trees and bushes to reveal address numbers.
